**Internal Quality Assurance Cell
(IQAC)**

Mangalore University
Mangalagangothri.

About Internal Quality Assurance Cell (IQAC)

In pursuance of the National Action plan of NAAC for performance evaluation, assessment, accreditation and quality upgradation of institutions of higher education, the IQAC was established in the year 2010. As per the spirit of NAAC guidelines, the IQAC has been striving for internalization and institutionalization of quality enhancement. It is working as a facilitative voluntary system of the University. From the last six years IQAC has contributed significantly in areas like preparation and submission of AQARs, Accreditation, Audits, National/International Rankings, Online collection of Stakeholders Feedback, Internal promotion such as CAS, Participation under Gender Advancement for Transforming Institutions (GATI), AIU, Interdisciplinary Journal Review, Surveys, etc.

About the NAAC

The NAAC conducts assessment and accreditation of HEIs to drive an understanding of the 'Quality Status' of the institution. NAAC evaluates the institutions for their conformance to the standards of quality in terms of their performance related to the educational processes and outcomes, curriculum coverage, teaching-learning processes, faculty, research, infrastructure, learning resources, organization, governance, financial wellbeing and student service.

About the Workshop

Being and becoming an accredited institution through nationally /internationally recognized accreditation and ranking bodies is the order of the day. Stakeholders such as students and prospective faculty but also Govt. and non Govt. funding agencies look to these to guide their decisions on application and award of grants for research and other infrastructural developments. This can be achieved only through a conscientious process involving policy, implementation, assessment, recalibration of a quality culture involving all stakeholders, whether administration, faculty, researchers, students, non-teaching/support staff. Towards this, the main objectives of this workshop are:

- To internalize the concepts of quality in academia, research and administration
- To practice quality measures as laid out in NAAC RAF and beyond
- To internationalize our practices for globalization of education
- To conscientize our stakeholders on holistic, all round, value/outcome-based education

Topics Covered

- NAAC Revised Accreditation Framework
- Criterion-wise Metrics
- Accreditation vs. Ranking
- Outcome-based education and Value addition
- Skill development, employability, entrepreneurship
- Research and Publication Metrics
- Newer Teaching Methodologies
- Grievance Redressal mechanisms
- Quality measures
- Best practices
